Objective

I am a freshman pursuing Bachelor of Technology (B. Tech) in Computer Science and Engineering (CSE) and on track to class 'A' classification looking for my first Internship as a Front End Web Developer (UI/UX). I am highly interested in Front-End Development (UI/UX). The projects, which I have done at my institute, have provided me with a strong foundation in HTML, CSS, JavaScript and Bootstrap Framework. I want to work in an organization with a highly competitive and positive environment to utilize and expand upon my knowledge base and become proficient in them, as I am eager to learn about new things.

Academic Profile

Institute	Course	Year/Duration	Percentage/CPI/Grade
Indian Institute of Information Technology Guwahati(IIITG)	Bachelor of Technology (B. Tech) in Computer Science and Engineering (CSE)	2019-2023	Yet To Be Completed
Air Force School Viman Nagar, Pune (CBSE Board)	12 th (Higher Secondary) (PCM + Computer Science + English)	2018	81.4%
Air Force School Chandan Nagar, Pune	10 th	2016	81.7%

Skills

Soft Skills

1	English, written and Conversational Proficiency
2	Hindi, Native Language

	Technical Skills	Expertise Level
1	C Programming Language	Advanced
2	Data Structures	Intermediate
3	Algorithms	Elementary
4	HTML and HTML5	Advanced
5	CSS and CSS3	Advanced
6	JavaScript	Intermediate
7	BASH(Bourne-Again Shell)	Elementary
8	Git	Intermediate
9	C++	Elementary

Other Skills

1	Windows NT
2	Linux kernel based Operating Systems
3	Responsive Web Design
4	User Experience and User Interface Design (UX/UX)

Projects

1. IIITG's Yuvaan 2020 Techno-Cultural Fest Website

Duration – 2 Months (February to March 2020)

	Technology Used
1	HTML
2	CSS
3	JavaScript
4	Bootstrap Framework
5	Firebase

YUVAAN is the annual techno-cultural and sports festival of Indian Institute of Information Technology, Guwahati (IIITG), a budding tech institute. I have contributed as a Front-End Developer in this project. There were 3 Main team (2 Front End + 1 Back End team member) members with 2 supporting team members. I was one of the 2 main front-end members. We have developed the site from scratch and took help in some of the designs (SVGs) from YUVAAN's Designing Team. This project helped me in increasing my creativity and Web Designing skills, which I enjoyed a lot and gave me invaluable skills as a team player.

The link to the site is <https://iiitg.ac.in/yuvaan2020/>

Source Code - <https://github.com/iamankitkumar08062001/yuvaan2020>

2. IIITG's Technical Board Website

This is an ongoing Project.

Duration – April to Present

Technology Used	
1	HTML
2	CSS
3	JavaScript
4	Bootstrap Framework
5	Node.js
6	mongoDB

I have worked on the Front End of the Technical Club Landing page and hall of fame page of the website where I have used HTML, CSS and JavaScript as my technology stack. The link to the Web Pages I have developed are the following.

1. Club Landing Page - <https://techboard.herokuapp.com/xclub>
2. Hall Of Fame Page - <https://techboard.herokuapp.com/xclub/hof>

Source Code - <https://github.com/Technical-Board-IIITG/TechBoardWebsite>

3. IIITians Network Website

This is an ongoing Project.

Duration – May to Present

Technology Used	
1	HTML
2	CSS
3	JavaScript
4	Bootstrap Framework

I have worked on the Front End of the Website where I have used HTML, CSS, JavaScript and Bootstrap Framework as my technology stack. I have developed this project with a group of students from all 25 IIITs and I learnt a lot about the importance of teamwork and time-management.

Rankings

1. CodeChef

Rating – 1500 (2 Stars)
